Attilio PISANÒ, Rete Pace e Diritti Umani - Università del Salento

Radwan Ziadeh is a well-known human rights advocate and researcher in Syria. He was one of the major players during the Damascus Spring, a period of détente within the Syrian state that began in 2000 and in which democratization seemed to be an achievable end. He is currently a Fellow at the Institute for Social Policy and Understanding (ISPU) in Washington D.C.
